

Unity On Campus Ministry

University Of Michigan and Eastern Michigan University

Spring has sprung! Spring is not just the time of transition of the seasons from winter to spring, but also transitions within many lives. Students are transitioning to new goals, from

class to vacation, from one year to the next, and other students are beginning the transition from college to life.

For *Unity On Campus*, we are supporting all of our students through their own transitions while also guiding them through their spiritual transitions. As the semester came to a close, we concluded the book study of "Working With the Law" by Raymond Holliwell. Students have applied, and continue to apply the principles learned from our spiritual studies.

At the close of the semester *Unity On Campus* has three students graduating and making their way into the world of work. We support their ventures and know that they are prospering.

As the students are making their transitions with the spring season, *Unity On Campus'* Board is doing so as well; Spring has brought us a new board treasurer and a new student representative. And we affirm we will have a great school year beginning September, 2017.

Our Friends Reception, held April 2, 2017 not only to honor and celebrate the student's growth throughout the year, but also to recognize all of our supporters who help us continue and maintain this growth through donations, affirmations, and prayers. We truly appreciate all of you, including those who could not attend the event. We would not be able to continue without your support. Thank You.

Unity On Campus Board

This Spring, *Unity On Campus* introduces our featured board member. Ms. Pamela Griffin is our board secretary. Ms. Griffin is a retired Human Resources Director and an Attorney, who joined Detroit Unity Temple in 1989. At the time she was looking for a community that

was set apart from the typical church; a community that welcomed spiritual growth and was welcoming and non-judgmental.

She joined *Unity On Campus* (UOC) as secretary when she was approached by Reverend E, as she believed UOC was a great spiritual opportunity for students on the Eastern Michigan and University of Michigan campuses. It was also an extra bonus that Ms. Griffin (no relations to Rev. E) is an alumna from the University of Michigan. She felt that the campus, both campuses needed a community like Unity On Campus because the undergraduate college years are a crucial time for students. Seeing that students are opened and receptive to learning, taking the time to go and study, and use tools to face challenges, a spiritual community like Unity is a tool for students to face all of these challenges while continuing and maintaining spiritual growth.

We truly appreciate the professional, dedicated services she brings to UOC. She brings loving energy to this student ministry and helps to make the ministry successful. Thanks, Ms. Griffin. We love and appreciate you.

In closing, affirm with me a simplified version of our Unity principles:

God is, I am; I think it, I pray it, I live it.

Have a blessed Spring!

Khairah Green

UM 2017 Graduate

Congratulations to our Graduating Students!!

Andrew Lozano
Bachelors of Science in Nursing

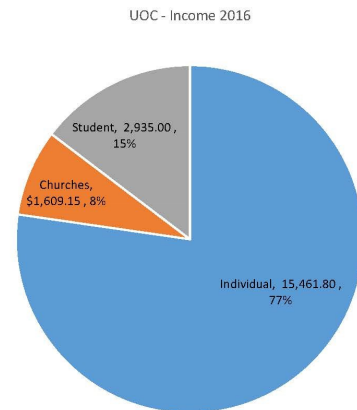

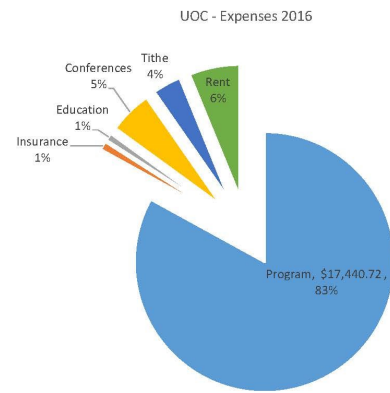

Khairah Green
Bachelors of Arts in English

David Dodds
Bachelors of Arts in Childhood Education

Affirmation: I enthusiastically accept my good and go forward to achieve my purpose

Memorial Tribute **Neftara Clark**

September 16, 1978 - March 17, 2017

Neftara was an original student organizer of Unity On Campus Ministry at the University of Michigan in December, 1998. She became a dedicated Truth student, dedicated to her own spiritual growth and became an excellent example and inspiration to her peers. She assisted the ministry in finding meeting space on campus when needed. At age 18, her body was diagnosed with Lupus. March 17, 2017, at age 38 her body surrendered to Lupus. Her legacy will always remain in our hearts and be a blessing to each of us. Godspeed.

Ernestine Griffin, Founder/Minister
Unity On Campus Ministry
